## OBJECTIVE

Bilingual IT professional, entrepreneur, and teacher with a solid foundation in full stack development accompanied by a diverse skill set. Seeking mentorship in a junior developer position to enhance my skills and learn from talented people. Creative and ambitious with a strong interest in business, especially entrepreneurship. Enjoys public speaking and driving sales.

## EDUCATION

**IT: Programmer Analyst | New Brunswick Community College**  
SEPTEMBER 2016 – JUNE 2018

Performed system analysis of a fictional bottling company to design and develop a Product Distribution Management System (PDMS) with a full-stack solution using ASP.NET Core and SQL Server. This involved a staff and client portal with reporting and business logic using appropriate processes and techniques in development, QA and documentation.

## EXPERIENCE

**Software Developer | CGS Canada (Computer Generated Solutions)**  
APRIL 23<sup>RD</sup> 2018 – PRESENT

Developing applications with AR technology and creating a data-driven chatbot platform integrating the Twilio platform. Prototypes developed have increased pre-sales activities. Performing various tasks in quality assurance, animation/design, documentation, and developing eLearning content.

**Owner/Operator | Custom Tech Services – <http://CustomTechServices.com>**  
2014 – PRESENT

Offering a wide range of IT services such as computer sales/service, web/graphic design, device and electronics repair. I work with clients to understand their needs and maintain customer relationships by providing a personal and professional service. I also perform sales and marketing of services and products.

**Lead Instructor/Location Manager | Level Up Kids Learning Centers**  
SUMMER 2016 & SUMMER 2017

Supervised students and staff while teaching programming, robotics, game design, video editing, STEM activities, internet safety and computer/electronics fundamentals. Developed in-depth curriculums that were interactive and engaging. Performed location management, marketing, and hired staff.
